SPRINGLINE

Springline Yacht Sales Partners with Atlantic Coastal Ventures

In late 2016, Greg Covino, principal at Atlantic Coastal Ventures LLC recognized that U.S. Downeast-style yachts lacked a classic European participant who could infuse a sense of style, elegance and craftsmanship, at an affordable price. He found the perfect match located on the Mediterranean in southern Italy in *Cantieri gagliotta!* An instant bond was formed with Gagliotta's principal, Renato Martucci who, after surviving the recession of early 2000s, was keenly interested in bringing his line of handmade, classically-styled European day boats and the long tradition of quality built by the Gagliotta family to the United States.

Greg researched the East Coast dealer market and quickly recognized how the line could complement the successful business built by Rick and Kimberly Dieterich at Springline Yacht Sales in Mystic, CT. Both Greg and Rick and Kimberly quickly aligned that the Newport Boat Show is by far the perfect way to introduce the *Lobster* series and Gagliotta to the United States. We hope you love the line as much as we do!

With representatives in Mystic, CT, Mamaroneck, NY and Quebec, Canada, Springline is the Northeast's premiere new boat dealership and yacht brokerage. For further information, visit: www.SecureYourDream.com or call 860-817-7676.
