

Marie Hayward has been at the helm of New England Marine Documentation since 1978. New England Marine Documentation provides world-class service to vessel owners and financial institutions. For first-time buyers who may need extra attention, to veteran buyers who want to spend more time on their boats rather than on bureaucratic necessities, New England Marine is a trusted resource for Coast Guard Documentation, Preferred Mortgage Recordation, and Foreign Registration. Since 2006, Marie has served on the Board of the Massachusetts Marine Trades Association and is currently serving as President of American Vessel Documentation Association, the only professional association of vessel documentation services in the United States. Marie can be reached at 781-721-4500; [marie@boatdoc.com](mailto:marie@boatdoc.com)
